Exchange Points & Parking:

Each team is responsible for transporting their runners to the correct location at the correct time. Teams are allowed one vehicle at the exchange points and that vehicle must display in the windshield the team parking sign provided in your packet. Your team can have additional vehicles to transport runners but only ONE vehicle will be allowed in the exchange point. Additional vehicles can park or wait outside the exchange station. Large vans are okay, but please no big buses or travel trailers will be allowed in the exchange points.

An explanation of how to handle your vehicles and runners: Drop runner #1 off at the start. Drive to Exchange #1 to drop off runner #2 and pick up runner #1. Repeat this process for all ten legs. A team may have multiple vehicles on the course if necessary but there may only be one vehicle per team, (the one with your sign in the windshield) in each exchange point to minimize traffic. If your team is using two vehicles, we recommend putting runners #1-5 in one vehicle and runners #6-10 in the second vehicle. You can maintain communication between vehicles via morse code (or if you prefer, text messaging).

Runner Exchange:

You may change runners in the middle of a leg, you can split a leg, you can have two runners run together, or pretty much anything you wish as long as you are not competing for first place in one of the performance divisions: first men's team, first female team, and first mixed team.

Time Lost Form: A Runner Time Lost Form is provided in your packet to record any delay along the route such as having to stop for a passing train or waiting for a car to move. Document your delays and give to the volunteers at the finish line. If you drop out of the race, please let the closest exchange point volunteer know.

Aid Stations: Water and Gatorade is provided for solo runners, two person teams and your team member that has completed a leg. Food will be available at aid stations for solo runners and two person teams only. Teams should pack food and nourishment for your entire crew in your vehicle.

Photos:

Arrive on race day 30 minutes early to have the photographer take your group photo. You can download all photos free of charge by going to www.resultskc.com

Results and Awards:

Finisher medals will be given to all runners at the finish line. In addition to the finisher medal, solo's and two person teams receive the traditional handmade clay medal.

Benefit Organization:

Brew to Brew benefits the Cystic Fibrosis Foundation. Every runner donates a minimum of \$10 to help defeat this dreaded disease. In 2019 The Kansas City Running Club was able to donate \$35,000 to the Cystic Fibrosis Foundation. The median life expectancy of someone with CF is 37 years, but we are working to add more years. Thank you for your generosity.

You can donate more to CF if you like! Teams donating more than \$200 automatically become a "generous team" and will be able to increase their handicap 1 minute for each \$10 contributed. Yes, you can finish before you start!
